

# Social Media Marketing

Engineer your Career as Social Media Marketer  
*Training by Qasim Nadeem*

Problem identification requires critical thinking,  
But solving a Problem just requires creative thinking\_

## What is Course About?

Digital Marketing is like breath to the businesses today, so its understanding gives you the highest place in the business world. Training is carefully designed to meet all the requirements of the Digital Marketer job role in the current marketplace.

The course also addresses the ECommerce trends so the digital marketer can help businesses to sell their products over the Internet. And the addition of WordPress let you fly solo in the freelancing market
